Public Letter of Reprimand

On April 21, 2017, the Florida Board of Medicine issued a Final Order whereby you were issued a letter of concern and required to comply with certain terms and conditions. The Florida Board of Medicine found that you performed an ACDF procedure on a patient at the C7-T1 level instead of at the C6-C7 level.

These actions constitute a violation of California Business and Professions Code sections 141(a), 2234 and 2305.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
